

Processing Capabilities

	Dimensions in mm	Weight in kg
Coating		
Electroless Nickel Plating	2.200 x 2.100 x 700	8 000
Hartverchromen	Ø 250 x 6.000 Ø 1.300 x 4.500	5 000 10 000
Mechanical Processing		
Polishing		
Industrial Polishing	Ø 650 x 5.000	2 000
Grinding		
Belt Grinding	Ø 730 x 5.500	2 500
Grinding between centers	Ø 710 x 4.000 Ø 500 x 6.000	1 200 1 600
Further Mechanical Machining		
Dehydration / Degassing	up to 3.500	3 000

Specialties
Electroless Nickel - and Hard Chrome Plating Composite coatings
Internal hard chrome plating of extrusion tooling
Grinding / chrome plating / polishing of screws
Selectron®
